Subject: Rochester Call

Kelley,

I just wanted to let you know I received a call from Aaron Rochester this morning at about 8:30 am. He called with questions on completing the 8700-12 form to obtain a RCRA ID number for the Akron Farm site. I answered his questions and explained how he could find his NAICS code online. He said he would complete the form, print it, sign it, scan it, and e-mail it to me today.

He said he is having trouble getting in contact with Mr. Goodman to obtain permission to get on the property. He said he had texted twice (last week and yesterday) and that Mr. Goodman had not responded. I recommended that he call Mr. Goodman and told him that we spoke to Mr. Goodman last week and he is expecting to hear from Mr. Rochester.
